December 13, 1952

Dear Joshua:

I'm sorry I don't have any reprints of J. Appl. Phys., 21: 70(1950), but an account of the present status of our work on osmotic shock is to come out in the Proceedings of the UNESCO Conference on Bacteriophage. This is to be published in a special issue of the Ann. Inst. Pasteur. which is scheduled to appear sometime this month. I'll send you a reprint as soon as I have a copy.

It'll be good to have reprints of your latest work and I'm looking forward to reading them.

Best regards,

Thomas F. Anderson
